# Invitation

Dear Friends,

On behalf of the organizing committee of the **IPF MEDICON 2021**, it is indeed a great pleasure to invite you all to the 4th Annual Conference of Innovative Physicians Forum organised by **Innovative Physicians Forum®** in association with **HNBU Medical Education University Dehradun, Uttarakhand**. The conference has been scheduled from 9<sup>th</sup> - 10<sup>th</sup> October 2021, Virtual Mode.

This annual conference will attempt to provide an academic feast of latest developments in the field of medicine. In addition to providing clinical updates relevant to the practice of medicine, the conference will also provide a platform to our members and fellow physicians to interact and exchange views, and help improve the understanding of medicine. At the same time this conference will also create opportunities for connecting with leaders in the field of medicine from across India & other countries.

This is a known fact that the knowledge and understanding of medicine is changing at a tremendous pace. From basics of pathophysiology to development of newer interventions, the last decade has seen a phenomenal change in the way we look at the subject of medical specialties, sub specialties and super specialties. While on one hand our understanding in the field of molecular biology, genetics, epigenetics and pathophysiology has improved, on the other hand the newer interventional techniques have changed the therapeutic modalities.

**Innovative Physicians Forum®**, as the name signifies, has a tremendous potential to focus on research and academics and this will be vividly visible in the conference in the form of free papers, sessions, posters, quizzes and state of the art lectures and key note addresses. We request you all to submit your work and actively participate in the conference.

Hope you all will participate in large number with great enthusiasm and make the conference a big success.

With best wishes!

### HN Bahuguna Uttarakhand Medical Education University, Dehradun, Uttarakhand (University)

The establishment of the HNBU Medical Education University at Dehradun, by an Act enacted by the Uttarakhand Legislative Assembly and assented to by the Governor on 18 February 2014 by the Uttarakhand Govt-Act-No72/xxxvi (3)/2014/07(1)/2014 to fulfill the long-standing need of the people of Uttarakhand to have an institution for the advancement and development of medical education in the state. It aims not only to guide the medical, dental, nursing, and para-medical education in the state by affiliating all such institutions with it but also itself carry high level and specialized teaching and research. It shall also have a medical college of its own within its campus to serve as a model for other colleges within the state. It shall cooperate and collaborate with the best similar institutions within the country and abroad so that the best medical education can be provided within the state of Uttarakhand. It also aims at providing quality research.

### Aims and objectives of Innovative Physicians Forum® (IPF)

To accomplish high standards of excellence in education, medical practice and research in medical sciences and its related discipline in India and neighboring countries by addressing the educational and research needs as well as promoting and supporting its uses by medical and allied health professionals and to promote the knowledge of medical sciences. To hold workshops, seminars, symposia, conferences and other group meetings for similar objectives. To seek and secure cooperation of and coordination with other biomedical scientific, and academic, institutions, societies and associations in private and government biomedical and scientific departments and services in India and abroad. To promote and develop collaborative research, networking, practice guidelines, course curriculum, education and evaluation technologies in medical sciences.

## About Delhi

Delhi is the capital of India and is regarded as the heart of the nation. The city is popular for its enriched culture and heritage. The city hosts some famous historical monuments and is transforming itself with the passage of time.

The influence of religious diversity can be seen in the city along with the cultural impact of the Mughal, the ancient Indian and the British. There are many beautiful gardens in the city, away from pollution and busy city life that provide opportunities to walk leisurely in the midst of greenery.
